TUESDAY MORNING OCT 28 1862

Stamp Act

It will be remembered that [illegible] the Internal Tax Act first passed Congress it provided that after the [illegible] of October 1862 almost every instrument [illegible] contracts [illegible] conveying property from one per cent [illegible] and have attached to it a stamp [illegible] said paper would nullify its validity or binding force. Subsequently a supplementary act was passed providing that [illegible] executed prior to the first day of January 1863 should be valid [illegible] could be made [illegible] stamped and paying the sum of five dollars to the U S Collector for the use of the Government. In speaking of this matter the San Francisco *Bulletin* of the 20th [illegible] This supplementary act relieved [illegible] of a great trouble that began to [illegible] over them for when the 1st of October came there was not a stamp in the State. The Commissioner of Stamps on being inquired of by the U S Sub Treasurer at San Francisco telegraphed on the 20th September that no penalty for lack of stamps would be enforced until January 1st adding [illegible] Stamps will be sent as soon as possible. This being published widely throughout the country, put our business men at ease. They concluded that long before the 1st of January 1863 there would be an abundance of stamps [illegible] that the Department would send them out to its agents.

The same opinion prevailed among the business men of Oregon and they too felt secure that plenty of stamps would be within reach when the time arrived for their use but from a card published in the *Bulletin* of the 20th as also from a copy of the order of regulations relative to these stamps, both of which we publish elsewhere, it will be seen that no stamps will be sent either to California or Oregon until the money is sent after them, or deposits made in accordance with instructions evidence of which must first be received in Washington. The *Bulletin* then goes on to say, that as there is no body required by law to send after these stamps, it becomes, therefore, everybody's business and the natural presumption is that nobody will attend to it. The law authorizes the Commissioners at Washington to sell stamps to collectors, deputy collectors postmasters, stationers, or *any other persons*. Apparently, the only way provided for such parties to obtain them is *via* the Circumlocution office. A manufacturer who has goods to sell which after the 1st of January must be stamped, and who is determined to take no risk, must call on Treasurer Cheeseman, pay him $1 $5 $50 or whatever other amount he thinks will keep him supplied until stamps abound and take duplicate certificates of his deposit. The original must be forwarded (we suppose by the Assistant Treasurer) to Washington with an order for precisely the kind of stamps wanted. Suppose the order and certificate are forwarded by the next steamer it is safe to calculate that the stamps will be back by the 22d of December which will enable him possibly to forward them to any corner of the State before the expiration of the year. If he postpones the order to the next steamer there is danger that the 1st of January will find him and his distant agent within the State without a stamp, and without one he can scarcely make a sale of anything.

After New year's day no deed conveyance draft, transfer can be effected without the use of a stamp nor is any one kind of stamp transferable for any other than its own specific use. A postage stamp for one cent will not do for a telegraphic message, a postage stamp for two cents will not make a certificate of deposit (under the sum of $100) legal nor a sight draft worth the face of it. In short we shall need for the transaction of business after the 1st of next January thousands of dollars worth of stamps of various denominations and kinds to carry on the business the first week in January. Yet there is danger that there will not be a stamp of any kind, except postage stamps this side of the Rocky Mountains. The supply will certainly follow the demand but the immediate danger is that it will follow so far behind that business will be temporarily checked.

As the alternative of this there is another danger—that business men leaving that which is everybody's business [illegible] some other parties to attend to will be compelled to purchase stamps here of some one [illegible] the opening of the year at a ruinous shave. Suppose some sharp stationer should be the only party who orders a supply of stamps and when the year begins should find that he is the only one [illegible] on hand, what will prevent his screwing up the price to a point that will make every man who has any transaction at all with his neighbors groan, sweat and grow profane. To make a conveyance of $40 worth of property valid it must have a 50 cent stamp on it. But if a single stationer holds all the convenient stamps that are to be found in the State, what hinders his charging $2 for it [illegible] at a glance it [illegible] [illegible] [illegible] [illegible] which [illegible] [illegible] that [illegible] [illegible] the Internal Tax Act [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] the stamps [illegible] [illegible] [illegible] the [illegible] [illegible] and then [illegible] the city [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] the Commissioner Boutwell [illegible] [illegible] [illegible] [illegible] [illegible] Mr [illegible] [illegible] suppose that [illegible] [illegible] papers [illegible] which [illegible] [illegible] will [illegible] be valueless and with it which the [illegible] will be brought [illegible] within [illegible] [illegible] business in the State.

Immediate action is therefore [illegible] order [illegible] the stamps in time, and we would urge upon all business men and all others who may have occasion to need stamps to immediately forward their orders for the amounts and kinds [illegible] to legalize and complete their business transactions from and after the first of January next. A penny saved is a penny gained.

Revenue Stamps

We are indebted to Mr. Frazar U S Revenue Assessor for the State of Oregon for the following copy of regulations in regard to revenue stamps. It appears from this that persons desirous of dealing in United States Revenue Stamps will have to send to the office of Internal Revenue Washington city for stamps required under the late revenue law. We had supposed that some official person would have been selected in the State to vend these stamps but such is not the case. Any person remitting $50 or upwards can obtain the quantity or kind desired no sum less than $50 however will be received. These stamps were ready for distribution on the 22d of September last, and as they are now required by law to be attached to every important document or transaction in writing, we presume it will not be long before several of our enterprising speculators will have them on hand in abundance. For further particulars, read the following.

Regulation in regard to Revenue Stamps.

OFFICE OF INTERNAL REVENUE, }
September 17, 1862 }

Revenue stamps may be ordered from this Office in quantities to suit purchasers. Orders should cover remittances of Treasury Notes, or an original certificate of a United States Assistant Treasurer, or designated depositary, of a deposit made for the purchase of stamps.

The following commission, *payable in stamps* will be allowed

On purchases of $50 or more	2 per centum	
	$100	3
	$500	4
	$1 000	5

In sending orders for stamps it should be that every stamp expresses upon its face its kind as well as its denomination, and that each stamp must be used for the purpose thus specified and for no other. For instance check stamps must be used for checks alone contract stamps only on contracts, &c &c. Revenue stamps will be ready for delivery on the 22d instant. Every correspondent is requested to give the State as well as town and county of his residence.

If not otherwise instructed, the stamps will be transmitted by mail.

GEORGE S BOUTWELL,
Commissioner

In the San Francisco *Bulletin* of the 20th inst we find the following card

Office of the Assistant Treasurer U S—San Francisco, Cal Oct 18th 1862. *Editors Bulletin*. Pursuant to instructions just received from the Secretary of the Treasury of the United States I am authorized to receive deposits for Internal Revenue Stamps. Certificates will be issued in duplicate the original of which must be forwarded to the Commissioner of Internal Revenue at Washington, accompanied by an order, stating the kind and denomination of Stamps required. Certificates will be ready for issue on Tuesday, Oct 21st.

D W CHEESMAN
Ass't Treasurer

It will be seen by this that the Assistant Treasurer at San Francisco is authorized to receive deposits of money for Revenue Stamps, issuing duplicate certificates for the same, the original of which is sent on to Washington and copy delivered to the person making the deposit. All persons desirous of investing money for these stamps on this coast, have therefore an opportunity of depositing their money with the Assistant Treasurer at San Francisco either by themselves or agent instead of having to send it to Washington, and they will receive the amount ordered without unnecessary delay.

KILLED.—A man named Henry E Richards was killed on the 24th inst while felling timber near the farm of Isaac Renison [illegible] river in this county. He had succeeded in cutting a large fir tree nearly half down, when a sudden gust of wind split it near the stump and the detached portion struck him in the face, causing instant death. His skull was badly fractured and a large splinter [illegible] his body just above the hip. He was a native of New York, about 32 years old and came to Oregon from Iowa in 1850.

NOT GUILTY.—We desire to state in justice to Mr C A Angell the gentleman alluded to in an item copied from the *Monitor* [illegible] and replied to by us [illegible] that the charge of stealing from the British Government in Vancouver's Island is not justified by the facts as published in the Victoria papers at the time of the alleged transaction. It seems that C. Aubrey Angell was arrested under charge of embezzlement by the Victoria authorities and brought to trial, but upon investigation of the case he was honorably discharged, thus freeing him from any suspicious malfeasance in the case.

LOUISVILLE October 19th.—Buell is reported close in pursuit of the rebels who [illegible] posed to be aiming to cross into Tennessee by B[illegible] Creek at Wils[illegible] Gap. It is [illegible] believed that Buell will force the rebels to fight before they reach Cumberland Gap. It is stated that the fight at Perryville was brought on against the orders of Buell whose plans for cov[illegible] the whole of Bragg's army were thereby thwarted and the pursuit of the rebels was delayed by that circumstance.

PARIS (Ky) October 19th.—After capturing our pickets John Morgan dashed into Lexington yesterday morning with fifteen hundred men. Before surrendering our men fought gallantly killing and wounding several. Our loss was six killed and one hundred and twenty infantry taken prisoners. The balance of our force two hundred and fifty cavalry made their escape. [illegible] Morgan left and when between Versailles and Frankfort was met by twenty five hundred of Dumont's cavalry. After a short fight the enemy fled in the direction of Lawrenceburg. Our cavalry pursued with what result is not yet known. Humphrey Marshall is at or near Sharpsburg. Lexington is again in possession of our troops.

LOUISVILLE October 20th.—The *Journal* says Buell's headquarters on Friday were eleven miles beyond Crab Orchard Lincoln county. It is reported that ever since the battle of Berryville, there has been continual skirmishing going on between our advance and the rebel's rear. A number were killed and wounded on both sides, but as the army is moving rapidly, there is no time afforded to send back reports.

WASHINGTON October 20th.—A refugee came into Sigel's headquarters to-day from Amersville Culpepper county and reports the greatest consternation imaginable among the whites in that section, in consequence of an apprehended negro revolt. Seventeen negroes, most of them free have been hung copies of Northern newspapers having been found on them containing President Lincoln's emancipation proclamation. The terror of the whites is reported beyond description. It is said that the negroes of the different counties around Culpepper are all engaged in conspiracy for a general insurrection.

CAIRO, October 18th.—At three o'clock on Friday morning last, the rebels, numbering three or four hundred, under Colonel Faulkner, attacked the Federals stationed on the Tennessee line, opposite Island No 10. Owing to the darkness the rebels fired on each other, throwing them into confusion and causing them to retire. They were followed by our cavalry—the pursuit resulting after a chase of fourteen miles, in the capture of Col Faulkner, three Captains, one Adjutant and eleven men. Eight rebels were killed and ten wounded. Our loss was three killed and two wounded.

The steamer Eugene, from Memphis, has arrived. She brought a detachment of troops to Island No 21, where two of our transport boats were fired at on Friday last by a rebel battery on the shore. The troops have instructions from General Sherman to lay waste the entire vicinity. When the Eugene left the Island, the work had commenced.

State Elections

OHIO

CINCINNATI October 20th

The returns from sixty counties give a Democratic majority of eighteen thousand being a large gain for that party. The Democratic majority in the State will be about twelve thousand. It is believed now that the Congressional delegation will stand fourteen Democrats to five Union.

INDIANA

INDIANAPOLIS October 19th

The Democratic State ticket is probably elected by from 5 000 to 8 000 majority. Five Democratic Congressmen and four Union are elected. The vote in the Tenth and Eleventh districts is so close as to require the official vote to decide. It is believed that the Democrats will elect a majority of both branches of the Legislature which will secure the election of a Democratic Senator to fill the vacancy occasioned by the expulsion of Bright.

PENNSYLVANIA

HARRISBURG October 19th

Fifteen Union Congressmen are elected. The State ticket is still doubtful but the chances favor the Democrats. The House will probably stand 40 Union to 44 Democrats, the Senate 20 Union to 13 Democrats.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

THE DAILY OREGONIAN may be had at the Franklin Book Store, and at Charles Barrett's, Front street.

ATTEMPTED ROBBERY.—We are informed that Mr. Kimbal was accosted by a desperado on Sunday night last about midnight, while on his way from his saloon on Washington street to the City Hotel, and a demand made for money. Mr. Kimbal, however, being fortunately prepared, suddenly drew his pistol, knocked the scoundrel down and administered to him a pretty good chastisement for his boldness. We also learn that another man was robbed of $197 on the same night, the particulars of which we are not at liberty to give at present. As has been previously remarked by us, we know that there is a band of desperadoes infesting the city at this time, and it has been a matter of surprise to us that more instances of robbery and burglary has not occurred. It behooves our peaceable citizens to be on their guard, and no man should venture upon the public streets late at night unless he goes well prepared to give such chaps a warm reception should they attempt to molest him. We deem it hardly worth while to say anything about a police force, as our city Council seem determined not to establish such protection until forced to do so by a positive demand from the whole people, which cannot be expected until some desperate act of atrocity wakes them up to a sudden sense of danger or arouses a desire to take vengeance upon some desperate character after he has committed a horrible deed. So long as certain parties escape without molestation or disturbance, so long they remain indifferent to the welfare of others, but mark the prediction:—unless some precaution is soon taken, we fear we shall have to record some desperate outrage upon the peace and safety of our citizens, which will remain a lasting and burning shame upon the city and its municipal authorities. Life and property may be easily protected, but not so easily restored.

MAN LOST.—We learn from one of the hands on the steamer *Leviathan*, that a man by the name of Henry Hesley was lost overboard from the steamer while on her trip down last night from the Cascades, near Springville. The man was sleeping on deck, and the engineer having opened the valves to blow off steam, it is supposed that he became frightened by the noise; he was seen to get up, stagger a step or two, apparently in bewilderment, and Capt. Hoyt, discovering that something was the matter, spoke to him but received no reply. He then suddenly pulled off his coat and jumped overboard, falling into the water before Capt. Hoyt had time to get hold of him.

The boat was immediately stopped and search instituted for some time, without avail, as nothing was seen or heard of him. The man is said to be a German by birth, recently from Salmon river, on his way to San Francisco for his family, and is supposed to have had some gold dust. His bundle of blankets is left on board the steamer, and as he seemed particular about keeping the bundle near him, it is believed that his dust may be wrapped up in the bundle. As soon as proper authorities can be found, an examination of his effects will be had and the result announced.

[illegible] THIEVING.—Our carriers in the city complain that numbers of our papers are stolen nearly every morning from the doors and yards of subscribers before the proper owner gets up or opens his place of business. Several subscribers have ordered their papers left at their stores or places of business, and as the carriers go around very early each morning, they find it impossible to deposit the paper out of sight or within the building as requested, hence those who are mean enough to steal their news, have a favorable opportunity of doing so without being detected. We have, however, the names of two or three of these newspaper thieves, and unless they stop the practice of pilfering we shall give them to the public. He that steals a pin, maliciously, would steal a horse if he could.

IT WIGGLES.—Our little cotemporary the *Commercial*, attempts to wiggle out an excuse for heralding the "great chariot race," which occurred on Sunday last, by stating that it published the same "*purely* as an item." Rather shallow excuse boys. It is quite plain your intention was to encourage the disgraceful affair, or you would have disproved it at the time.

A LONG JOB.—The grading and planking of Washington street is likely to be made a long job, unless the present fall should prove an extraordinary dry fall. The winter rains usually set in about the first of November, and frequently sooner, after which all such work will have to be suspended until summer again. At the present rate of proceeding, we are satisfied the work will not be completed before the rainy season sets in.

WHOLESOME FOOD.—Fresh meats, fish and fowl can be had at Farrel's market, corner of First and Alder streets, in quantity to suit. We noticed several fine large deer strung up by the heels, presenting quite a display of legs, horns, and fat delicious meat. Also, salmon, just from the place where all good salmon come from. Call round and get what you want.

JULIA.—The steamer *Julia* arrived at [illegible] o'clock last night, bringing about [illegible] passengers and one hundred and fifty [illegible] gold dust. Wells, Fargo & Co. [illegible] thanks for files of up country papers, [illegible] contain nothing of interest.

SEWING MACHINES
ARE UNEQUALLED BY ANY FOR
BEAUTY AND SIMPLICITY OF CONSTRUCTION
—AND—
Efficiency in Working.

A GOOD SEWING MACHINE,

SHOULD BE WELL MADE, simple in its construction, and easily kept in order, should make a tight lock-stitch, alike on both sides of the material, and should sew any and all materials that can be sewed.

It should be able to use cotton, thread, or silk directly from the spool, and to sew from coarse to fine, and from thick to thin, with rapidity, and without changing the tension. It should also be able to make the tension greater or less on both the under and upper threads, and with uniformity, and should have a straight needle; curved ones being liable to break.

The needle should have a perpendicular motion—this is absolutely necessary for heavy work.

It should be able to bind with a binder, hem with a hemmer; should stitch, fell, run and gather; and should be always ready to work.

It should be capable of using the same size thread on both sides of the work, and of using different colored thread or silk, above or below, to correspond with any two colors of cloth to be united.

It should be able to make a long or short stitch, and to fasten off the seam, and commence sewing tightly at the first stitch, and to run easily, and make but little noise.

It should have a wheel-feed; no others are in constant contact with the work.

It should not be liable to get out of order; neither should it require a screw-driver or wrench to set the needle.

It should not be liable to oil the operator's dress.

It should not form a ridge on the under side, or ravel.

DR. BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any however delicate to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe toothache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you find chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

The Cruise of the Steamer Shreveport in the Upper Missouri.—The ... Shreveport has arrived ... terminating ... the most extraordinary ... that could ... will be ... the course of a very short ... She sailed ... April and has ... upon her month ... under the ... passengers ... performance was ... hundred miles ... created ... two thousand miles ... mouth of Milk river ... and concluded ... hundred miles ... point—St Louis ... during this cruise the Shreveport ... extraordinary ... hundred miles

The animating object of the expedition was to convey a company of gold seekers as near as possible to certain reputed fields of the auriferous material. Captain La Barge, commander of the vessel, who is an old and successful voyageur, informs us that those who have visited Deer Lodge ... of two hundred miles ... Fort La Barge report the prospects good, and that the pursuit of gold will pay.

The Indians in the mining country are peaceful, and no apprehension of danger from them need be entertained. The Sioux along the Missouri however exhibited determined hostility, and it is believed that they will have to be chastised in the ... style.

The Shreveport, it may be remarked, went higher up the Missouri than any steamer has ever been before. The point where she was finally rounded to drawing probably at the time two feet of water, is six miles above Fort La Barge. Under command of the same adventurous citizen it is proposed that the Shreveport shall undertake a similar voyage next year starting early in the Spring.—St Louis Democrat Sept 27th
